CapShield Maxx™

Available in a 6 count bottle

Contains Nitenpyram & Lufenuron

Why CapShield Maxx™ Vs. CapShield Plus™?

- CapShield Maxx™ is available in a scored flavored tablet, beef for dogs, and tuna for cats.
- Comes in a new 91-132 lb. size for XL dogs.
- Scored tablets for a more precise and economical dosing option.
- New color-coded tablets eliminate confusion when dosing multiple pets.
